Commercial Heat Pump Water Heater Rebate Program

Wahkiakum PUD is helping our commercial customers reduce their electric bills and make their homes and businesses more comfortable through our Heat Pump Water Heater Rebate Program (HPWH). Heat pump water heaters save energy by using ambient heat to raise the temperature of water, rather than relying solely on electric-resistance heat such as with a conventional electric storage water heater. Unitary heat pump water heaters combine the tank and compressor in a single unit, while split-system heat pump water heaters have interior storage tanks and outdoor compressors installed outside the building.

PROGRAM GUIDELINES

Customer eligibility:

- **Pre-approval is required for all utility rebate programs prior to installation** and expires sixty (60) days after approval – projects that require longer than sixty days to complete must obtain special approval from Wahkiakum PUD.
- Must be a current commercial electric customer of Wahkiakum PUD.
- Customer must participate in onsite inspection(s) and documentation requirements as required by utility to verify eligibility and installation of materials and/or equipment.
- Funds for this program are limited. This program is offered on a first-come, first-served basis and is effective until funding is expended or the program ends. Wahkiakum PUD reserves the right to deny an application, modify or discontinue this program without prior notice at the PUD's sole discretion and reserves the right to determine eligibility and the right to verify equipment and materials installed. Incomplete projects may not qualify for rebates.

Pre-condition characteristics of space:

- Must be used primarily for commercial purposes.
- Existing water heater must be an electric-resistance water heater.
- Must have one year of active, electric services (new construction is not eligible).

Post-condition qualifying contractor and equipment selection:

- Customer may opt to self-install or select a contractor licensed, insured and bonded to work in Washington State; visit [WA State Department of Labor & Industries](https://www.wahkiakumpud.org/rebates) or contact Wahkiakum PUD to confirm contractor eligibility.
- The installed heat pump water heater must be listed on the Heat Pump Water Heater Qualified Products List <https://www.wahkiakumpud.org/rebates> and installed according to manufacturer's specifications.
- Customer is responsible for checking with and fulfilling any state, county, city government and/or homeowner's association codes, ordinances, local conditions, restrictions, rules and regulations and obtaining any required building permits when installing measures.
